ABOUT ME

I am currently pursuing my technical knowledge in the field of Computer Science and Technology. I am an adaptive learner who always tends to learn new things. Aspiring to be a Mern-Stack Developer in forthcoming and a Polymath in a long term.

SKILLS

Front-End -

- HTML5 | CSS3 | JS | Bootstrap | GSAP | Scroll Trigger | Locomotive | Texillate | React.js | Next.js | Three.js

Back-End -

- NODE.js | Express.js | Mongo DB

Languages -

- Java Basic | SQL

Coursework -

- Operating System | DBMS | Object Oriented Programming

EDUCATION

B.Tech in - Computer Science and Engineering

Institution - LNCT Excellence Bhopal
July 2022 - July 2024

Inter School in - 2019

Institution - KV Dhanpuri
Percentage - 91

Secondary School in - 2017

Institution - Carmel Convent School Amlai
Percentage - 95

ACHIVEMENTS

2 April 2023 - Solved 100+ Leetcode Questions

Dec 2022- June 2023 - Mentored 250+ Students

20 Nov 2022 - SQL 5star - HackerRank.

Jan 2021 - All India University National Athlete

Feb 2021 - National level Volleyball and Table Tennis

sep 2018 - National Children Science Congress Open Nationals

EXPERIENCE

Sheryians Coding School - Mentor

Dec 2022- June 2023

- Instructed and mentored 250+ students at Sheryians Coding School about Front-End Development
- Creating interesting projects and awwwards website with and for Students.

Sheryians Coding School - Campus Ambassador

Sep 2022- Feb 2023

- Organised a Seminar about Web Development followed by a 2 days workshop instructing students about pre and pros of websites , UI and UX at LNCTE Bhopal
- Worked as an intern at the institution learning about Social Networks and make people aware of prior presence of elite mentorship leading to coupled evaluation.

Marketerella - Front-End Developer Intern

Sep 2022- Nov 2022

- created multiple section web-pages for a CRM Project(Admin and User Panel along with multiple instances and login and registration facilities)
- Designed the UI of the Website.

PERSONAL PROJECTS

Instagram React-Node-Bootstrap-MongoDB-Express-JWT-bcrypt-Cloudinary

- Instagram is a social networking app which is a MERN based application
- Login and register feature with bcrypt encryption and JWT Authentication.
- Context Reducer, ContextAPI and Use Reducer for components access all-over the application.
- used React functional component, hooks,props,use-effects and states.
- used mongodb database for the user record access along with the featuring of profile, posts and following pages on the webpage using JSON.
- used react-toastify to avoid general alerts and provide better user experience.
- Database Association for the functioning of different database models interconnection and flow of information in JSON format across them
- CORS policy for better co-relation between different frontend and backend server hosts.
- used Cloudinary for the media uploading and accessing it in the different components of the application.

Affable React-Node-Bootstrap-MongoDB-Express-Bcrypt-Context-API

- Affable is a Food Delivery app which is a complete Mern-stack application.
- Login and register feature with bcrypt encryption
- Context API and Use Reducer for single component access throughout the application.
- used React functional component, hooks,props,use-effects and states.
- used mongodb database for the user record access along with the featuring of all assets(food items) on the webpage using JSON.
- used react-toastify to avoid general alerts and provide better user experience.

HANDY Handlebar-HTML-CSS-JS-GSAP-ScrollTrigger-Loomotive-MongoDB

- Handy is a handicraft shopping website which connects the art enthusiasts with the art workers.
- Generated a animated UI using JS libraries(GSAP,ScrollTriggerr,Locomotive).
- Login And SignUp Authentication using JWT Tokens and bcrypt.
- Maintaining the user records using MongoDB database.

HOBBIES & INTERESTS

- Reading Books(Investment and Poetry, History and Geo-political)
- Volleyball,Table-Tennis.
- Instructing and Mentoring about technical learnings.
- Poetry and Story Writing.
